Delivering Value

Through Technology & Innovation

For A Greener Tommorrow

M/s. Sun Enviro Technologies Pvt. Ltd.

Sun Enviro offers complete solution for treating effluent or waste, water recycling and also energy recovery. Sun Enviro is a multi-disciplinary consultancy and engineering, professionally managed organization having experience & expertise in the fields of Environmental Engineering, Project Management, Process Design, Erection and Fabrication, Research & Development.

We do have necessary infrastructure to conceive, conceptualize and coordinate the implementation of turnkey projects.

OUR SCOPE OF SERVICES INCLUDES

- 🌿 Environmental Engineering
- 🌿 Process Design/ Structural Design
- 🌿 Project Management Of Turnkey Projects
- 🌿 Consultancy Services
- 🌿 Fabrication & Erection
- 🌿 System Commissioning
- 🌿 Operation & Maintenance

OUR EXPERTISE

- 🌿 Anaerobic Effluent Treatment Plants
- 🌿 Aerobic Effluent Treatment Plants
- 🌿 Activated Sludge Treatment Plants
- 🌿 MBR (Membrane Bio Reactor)
- 🌿 Package Sewage Treatment Plants
- 🌿 Anaerobic Solid Waste Digesters
- 🌿 Water Recycle Plants (UF + RO)
- 🌿 Project Management
- 🌿 Re-engineering /revamping Assignments

OUR SPECIALITY AREAS

EFFLUENT TREATMENT PLANT (ETP)

- ☞ Dairy Industry
- ☞ Food & Beverages
- ☞ Starch Industry
- ☞ Solvent Extraction & Oil Refinery
- ☞ Pulp & Paper
- ☞ Pharmaceutical
- ☞ Sugar, Brewery, Distillery
- ☞ Chemical
- ☞ Leather & Tanneries
- ☞ Textile
- ☞ Electroplating
- ☞ Pickling And Galvanizing
- ☞ Synthetic Polyester Industry
- ☞ Gelatin Manufacturing
- ☞ Chromium Mine Water Treatment
- ☞ Common Effluent Treatment Plants

-
- ☞ Sewage Treatment Plants (STP)
 - ☞ Package Sewage Treatment Cum Recycle Plant For Hospital, Resort, Hotel & Township.
 - ☞ Water Treatment And Wastewater Recycle Plants
 - ☞ Water Reclamation Plants For Municipal Water Treatment Plants
 - ☞ Solid Waste Management (Biomethanation Plant) For Food Industries, Dairy Industries, Gelatin
 - ☞ Manufacturing Industries, Canteen Waste Etc.
